

**COMMUNIQUE AT THE END OF IWO ZONAL MEETING OF SOCIAL DEMOCRATIC PARTY (SDP)
HELD AT OGO OLUWA SECRETARIAT PREMISES, OSOGBO, OSUN STATE ON MONDAY, 24TH
SEP. 2018.**

After exhaustive deliberation on the antecedents of the characters involved in the two groups; APC and PDP and the pending litigations. The meeting was well attended by the party leaders, chairmen and state officers from iwo zone, we rose and agreed as follows.

1. That we remain unequivocally committed to Otunba Omisore, and have absolute confidence in his leadership.
2. That we should form a working relationship with APC, because, the characters involved in PDP are serial liars and not men of honour and integrity, having reneged in all previous relevant agreements.
3. There should be a very strong and workable memorandum of understanding (MOU) capable of taking the interests of SDP members from wards, locals, states and national level between the legal representatives from both parties, SDP and APC.
4. In addition, the pending litigations presently against PDP Osun executives are another factors which reinforced our decisions.

The Chairman,
Social Democratic Party (SDP),
Ogo Oluwa Area,
Osogbo.
Osun State.

Dear Sir,

LETTER OF RESOLUTION

The Social Democratic Party Ijesa Zone hereby resolved at their meeting held yesterday 24th September 2018 after careful examination of the two parties involved in the forth coming rerun election slated for Thursday 27th September 2018.

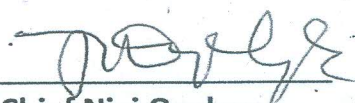

The meeting resolved as follows:

- (1) That APC will be more beneficial to our party and members
- (2) That PDP Leaders and their Governor candidate, **Senator ADEMOLA ADELEKE** are not trustworthy, reliable and dependable in their past dealings with us.

May God continue to bless our Party.

Yours in the service,

Chief (Mrs) Remi Olowu
Chairman

Chief Niyi Oyeleye
Secretary

OSUN STATE 2018 GOVERNORSHIP RE-RUN ELECTION

EDE ZONE POSITION ON WHICH PARTY TO SUPPORT

A. FACTORS UPON WHICH THE POSITION IS PREMISED

1. With over 254,000 votes allegedly cast for APC by Osun State electorates, it is evidently clear that Osun State electorates had declared loud and clear that they have not suffered enough from the hands of APC Government we viewed to be Slave Traders, hence they do not deserve being pitied by any rescuer.
2. Sen. Ademola Adeleke is known for sharp practices as evidenced in how he, with the collaboration of PDP National Chairman, Uche Secondus, master-minded the conduct of another congress thereby rubbishing the congress earlier conducted and already approved by the PDP NEC at the Convention which favoured Otunba Omisore.
3. Sen. Ademola Adeleke is betrayal-personified as can be deduced from his antecedents vis-à-vis:
 - i. His implied agreement not to be interested in governorship election when he and his people approached Otunba Omisore for support for his Senatorial bye-election last year which is now history;
 - ii. Agreement to have at least a Legislative Assistants selected through each of the aspirants that stepped down for him which did not materialize to date;
 - iii. His failure to respect the agreement reached between his group and that of Dr. Akin Ogunbiyi to have the latter's group compensated with Deputy Governorship slot, this which was not respected despite the fact that election was at sight not to talk of now that the election would have been won before the agreement will be expected to be complied with.
4. Fear of Sen. Ademola Adeleke being either prosecuted for aiding and abetting after winning election but before access to immunity privilege or impeached upon assumption of office by the House of Assembly on frivolous grounds among.

B. POISITION

We recommend support for APC during the re-run election with a solid agreement to have Coalition Government of 50-50 sharing formula of all posts and positions ranging from National Assembly to State Assembly, Cabinet formation, Local Govt. Administration, Boards, Parastatals, Committees, Employments and Contract Award while we maintain our nomenclature as SDP.

- c. The above was agreed to by the Party Chairmen and Stakeholders in Ede Zone comprising Ede North, Ede South, Egbedore and Ejigbo Local Governments today, the 225th day of September, 2018.

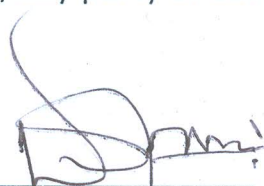

SOCIAL DEMOCRATIC PARTY (SDP)
IKIRUN ZONE

The zonal meeting of our zone was held on 25th September 2018 in Osogbo, to decide on way forward about the re-run election coming up on 27th of September 2018, between APC and PDP.

We unanimously resolved that we join forces with APC to win the re-run for the following reasons

1. APC controls both the state and the federal and can influence the result of the re-run if at all we don't join them.
2. PDP is the architect of the present predicament we find ourself, and joining forces with them will spell doom for SDP.
3. Numerous leaders in PDP will not allow the party to function well as too much cook spoils the dish.
4. Several agreements have been reached with numerous groups that have joined PDP, e.g that of AKIN OGUNBIYI. Then what else are we bargaining for?
5. Because of the fact that we want the best for our people in Osun State, we see Oyetola as a more capable and qualify candidate.
6. The leadership of PDP at the national level shunned and deserted us when we needed them most. Leopard can never change its spot
7. DEJI ADELEKE and his people did not appreciate Otunba Iyiola Omisore and the factionalized PDP when they enjoyed our support to win senatorial bye election in west senatorial district. One good turn deserves another.
8. If APC is supported we are likely to have slots from local to federal level.
9. The issue of criminal case ADELEKE is facing is another impediment against his success.
10. Any party we decide to join must give SEN IYIOLA OMISORE due respect and recognition

However, any party of our ^{choice} choosing must marry our manifestoes with theirs.

**Resolutions reached at an Emergency Meeting of
Ife Zonal Elders' Caucus held on 25th September,
2018 at the Aquarium Events Centre, Ife.**

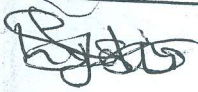

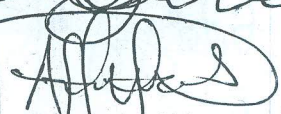

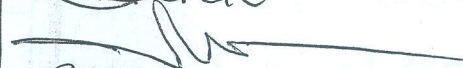

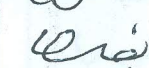

It was unanimously agreed as follows:

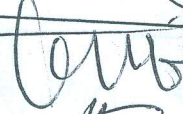

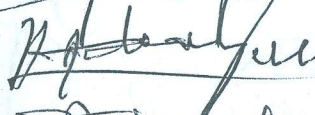

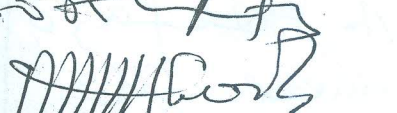

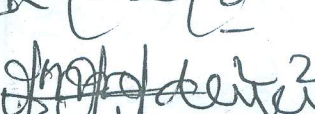

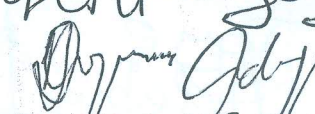

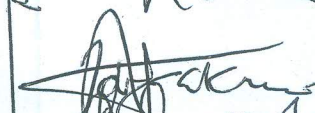

1. That our choice of the party to align with is the APC – All Progressives Congress.
2. That this was premised on the following reasons
 - (a) The accrued positions available to the SDP in APC are more than what will be available to SDP in PDP.
 - (b) The APC is a more reliable party than the PDP. For instance, the APC promised Isiaka Adeleke the Senatorial Ticket to Osun West and it was honored unlike the promise made by the PDP to Dr. Ogunbiyi which they reneged on.
 - (c) That the fact that we have Deputy Governor in Ife would place a caveat on what will be available to us in Ife Zone as the Senatorial ticket would elude us
 - (d) That Senator Omisore should impress it on them that the totality of the contents of SDP's manifestos should be adopted. More importantly, premium should be placed on the need for payment of workers' salaries and Pensions to retirees, merging of schools and common uniforms to be eradicated, etc.
 - (e) That special intervention should be considered for areas where APC faithfuls have been attacking SDP members. For example, our members in Ife South have been under serious attack by the APC. Such hostilities must stop immediately and all affected members of SDP, whose properties were damaged, should be compensated adequately.
 - (f) Position sharing formula should be in the ratio 50:50.
 - (g) That the Osun East Senatorial Ticket should be given to Senator Omisore because of his enormous followership. In the same vein, the House of Representatives ticket for Ife Federal Constituency and all the four State Assembly Constituencies should be ceded to SDP. Appointments of Local Government Chief Executive Officers should be shared equally in Ifeland between APC and SDP. Ditto for other appointments such as chairmen and members of LGEAs.

Endorsed by the undersigned as attached.
